

**Katherine McLean**  
Honours Bachelor in Health Science (First Year)

Positions interested in (most wanted to least): secretary, treasurer, public relations, membership development, co-president

I am very interested in becoming an executive of the uOttawa Circle K club. I had a great time this year getting to know everyone at the events; even at the Wishmaker's Parade when everything was cold and wet! I think it is wonderful that such a small group of people have been able to actually make a difference in the world with fundraisers and participating in other events. I am proud to have contributed and been a part of all the work that has been accomplished this year.

I feel that I would make a great addition to the executive. I am very personable; I might seem a little shy but you will always see a smile on my face and I am excited to get to know everyone. I think it is very important to have a positive attitude, it always keeps everyone around you pumped as well. I am very organized and get things done on time. I have a lot of experience communicating and working with all types of people from the volunteering I participated in and the co-op position I held in High School. I am very ambitious and don't give up; I am looking forward to about 8 or more years of school which I think takes determination.

In short, I have the attributes for the job and am more than ready to take it on. I'm ready to work hard and have lots of fun with everyone. I may seem small but good things always come in small packages.
